

Srinanda H R

Senior Software Engineer - Backend & Integrations

Bengaluru, Karnataka, India | Email: srinanda.hebbbar@gmail.com | Phone: +91-6361885773

LinkedIn: <https://linkedin.com/in/srinandahr> | GitHub: <https://github.com/srinandahr>

SUMMARY

Senior Software Engineer with **5 years of experience** specializing in **FinTech and Payment Gateway integrations**. Proven track record in designing scalable backend systems using **Node.js** and **SuiteScript** for high-volume ERP environments. Expert in leading cross-functional teams to deliver secure, fault-tolerant solutions supporting **multi-million dollar transaction volumes**.

CORE SKILLS

Backend: Node.js, Express.js, Java, C#, RESTful APIs, Microservices, Distributed Systems.

ERP & Niche: Oracle NetSuite (SuiteScript 2.x), Payment Gateway Integrations (PCI-DSS aware).

Frontend & Full Stack: React, JavaScript (ES6+), PERN Stack, HTML5/CSS3.

Databases & DevOps: PostgreSQL, SQL, CI/CD Pipelines, GitHub Actions, Docker (Basic).

Testing & Quality: Selenium, TestNG, Unit Testing (Jest), Code Reviews, Automation Testing.

PROFESSIONAL EXPERIENCE

Wipro – Bengaluru | Nov 2020 – Present

Roles: Lead Developer / Senior Software Engineer

- **Payment Integration Leadership:** Architected and deployed scalable payment gateway plugins for **Oracle NetSuite** using SuiteScript & Node.js, supporting **2,500+ global merchants**.
- **Workflow Optimization:** Redesigned backend transaction workflows for asynchronous processing, reducing API latency and ensuring **high-availability (99.9%)** for financial data.
- **Quality Engineering:** Pioneered an automated testing framework using **Selenium & TestNG**, skyrocketing regression coverage from **40% to 95%** and reducing production bugs by 30%.
- **Team Mentorship:** Led a cross-functional team of 5 (Dev + QA). Managed end-to-end delivery cycles, conducted technical code reviews, and coordinated stakeholders for high-impact releases.
- **Strategic POCs:** Designed and delivered Proof-of-Concepts (POCs) for **Shopify and Joomla** integrations, leading to two successful client acquisitions.

PROJECTS

Open Source Contributions

- Contributed to civic data projects — *blr-city-officials* & *blr-metro-ridership* — building interactive dashboards and data visualizations to promote transparency in public infrastructure.

EDUCATION

M.Tech | BITS Pilani | 2021 – 2024

B.Sc | Yuvaraja's College, Mysuru | 2017 – 2020
